David Icke has been writing books for decades warning that current events were coming. He has faced ridicule and abuse for saying that the end of human freedom was being planned, how and by whom. His latest highly topical book, *Perceptions of a Renegade Mind*, is published in very different circumstances with vast numbers of people acknowledging that he has been vindicated by the happenings of the COVID era. His predictions over more than 30 years have been proved stunningly accurate since the turn of 2020, often down to the fine detail. Icke set out only in January 2021 to write a book to quickly bring enormous numbers of people worldwide up to speed and who can now see that something very strange is happening but they ask what exactly what is going on. He answers those questions in his usual dot-connected detail and lays out the background to what he calls the global cult which operates across borders to advance a long-planned agenda for total human control. Those who read his section on COVID will view events of 2020 and 2021 in a totally new light as he produces the evidence that humanity has been misled on a scale that defies belief. *Perceptions of a Renegade Mind* is destined to be an international best seller that could not have been published at a more important and relevant time or with such a now-receptive audience to what he has to say.

In 1990, claiming to have received psychic communications, David Icke made a series of bizarre and dramatic pronouncements which attracted widespread controversy and ridicule. This autobiography provides an account of Icke's boyhood, his various careers, his motivations, and his life today.

David Icke's extraordinary story and the message that truth vibrations brings to every man, woman, and child is of importance to the future of planet Earth.

The truth revealed: Freemasons have been connected to the All-Seeing Eye on the dollar bill, the French Revolution, the Knights Templar, and the pyramids of Egypt. They have been rumored to be everything from a cabal of elite power brokers ruling the world to a covert network of occultists and pagans intent on creating a new world order. To a millennia-old brotherhood perpetuating ancient wisdom through esoteric teachings, their secret symbols, rituals, and organization have remained shrouded for centuries and spawned theory after theory. The Masonic myth sets the record straight about the Freemasons and reveals a truth that is far more compelling than the myths.

David Icke is a popular thinker and conspiracy theorist. The former goalkeeper, politician, and television presenter has been telling people how he thinks the world works since the early 1990s. His views are well known, but how many of Icke's theories are true? Are we living in a computer simulation? Are we being controlled by reptilians from another dimension? What is the truth behind health scares, a small global elite staging terrorist attacks, and wars? Fact check David Icke's work with this book, *The David Icke Fact Check*.
